

Kiwanis Florida District

We have good news to share from the Florida Kiwanis District Office!

For the past 15 years, **Jose Josinvil** has brought his best to Kiwanis every day and worked diligently to make Florida Kiwanis more efficient and more effective. As many of you know, Jose has been weighing some other opportunities in his life. He still has such a strong passion for Kiwanis, however, that, after some careful consideration, he will be continuing with the Florida District, albeit on a more limited basis than before. Jose's primary responsibilities will still be to coordinate our district technology programs and act as our liaison to our Service Leadership Programs. Jose can be reached at Jose@FloridaKiwanis.com

In addition, we have a new full-time employee!

Please join us in welcoming **Andrea Perez** as our new Administrative Assistant. She brings with her an energetic spirit, a helpful, conscientious, attitude, a bright smile and some fresh new ideas for ways to make your Kiwanis experience better. Andrea's primary responsibilities will include office administration, liaison to our clubs and members, accounts payable, and communication. Andrea can be reached at Andrea@FloridaKiwanis.com

We hope you are as excited about these changes as we are!

Melanie Winternheimer
Executive Director
Florida District of Kiwanis
